Any additional notes or instructions			

We require an image of the outside of the property (approx 400px square) and you can also have up to 8 internal images (approx 200 pixels square). Please send your images to **holidaylets@woosterstock.co.uk** in JPG format. If you have more than one property, please name the images clearly so we know which image goes with which property.

If you have floorplans please send them to the above email address, or if you would like us to produce floorplans we require a reasonably accurate drawing of the layout with measurements of the width and depth of every room, position of doors and windows and layout of kitchen and bathroom units.

If you require assistance with the images or floorplans, please email **holidaylets@woosterstock.co.uk**
